

KRITIKA SHARMA

Product Designer | UX Design & Research | Design Systems & AI-Native Tools

Bengaluru, India | +91 7292061018 | hello@kritika.space | [Portfolio](#) | [LinkedIn](#)

SUMMARY

Product Designer with **2+ years** designing elegant, user-centered experiences for consumer and enterprise digital products across web and mobile, backed by a Master's in Human-Centered Design and a fine-arts foundation. Owns design end-to-end in Figma alongside AI-native tools such as Claude Design and Code and Google AI Studio, translating stakeholder requirements and user research into user journeys, wireframes, high-fidelity prototypes and shipped experiences. Combines strong visual craft with mixed-methods research and design systems, partnering with product, engineering and business teams to define problems, iterate on feedback and raise the bar on quality, consistency and accessibility (WCAG).

CORE SKILLS

Product & Interaction Design: End-to-End Product Design | User Journeys | User Flows | Wireframing | High-Fidelity Prototyping | Information Architecture | Interaction Design | Design Systems | Visual & UI Design | Illustration | Responsive Web & Mobile

Research & Strategy: Mixed-Methods User Research | User Interviews | Usability Testing | Surveys | Field & Contextual Research | A/B Testing | Personas | Journey Mapping | Research Synthesis | Accessibility (WCAG)

Collaboration & Craft: Cross-Functional Collaboration (Product, Engineering, Content) | Stakeholder Management | Design Documentation | Data-Informed Design | Qualitative & Quantitative Analysis | Clear Communication

Tools: Figma | FigJam | Miro | Adobe XD | Axure RP | Adobe Creative Suite | Claude Design & Code | Google AI Studio | HotJar | GA4 | Jira | MS Office 365

PROFESSIONAL EXPERIENCE

UX Design Consultant | One Dot Six Design (Canada)

Apr 2026 - Present

- Owned **design and discovery** for **AI product-enablement** engagements with enterprise clients including **McEwen, Dilfo and WILAN**, translating **stakeholder requirements** into **wireframes, prototypes** and **design recommendations**.
- Conducted **30+ stakeholder interviews** across Product, Engineering and Operations, synthesizing findings into **45+ prioritized product and design opportunities** that shaped client roadmaps.
- Designed an in-house, **AI-native business-discovery platform** for **multi-agent orchestration**, building experiences directly in **Figma** and **AI tools** to shorten iteration cycles.

UX Researcher & Designer | Dravya Research (Contract)

Oct 2021 - Apr 2026

- Delivered **end-to-end product design and UX research** across **15+ projects** in **5+ industries**, owning design decisions from **concept to high-fidelity prototype**.
- Produced research-informed **UI, illustration and visual design** focused on simplicity and accessibility, elevating usability across **10+ client deliverables**.
- Ran **user interviews, surveys** and **usability testing** to **validate design decisions** and iterated based on **user feedback**.

Design Intern | Karkinos Healthcare

Jul 2023 - Dec 2023

- Designed core **consumer-facing healthcare interfaces** including the **ABHA login flow** and error-state notifications, owning the experience end-to-end.
- Contributed **reusable components** to the **design system**, improving **design consistency** across the product.
- Partnered with cross-functional stakeholders to resolve usability friction points, reducing **error-state drop-off by ~20%** and improving **flow completion**.

KEY PROJECTS

Speech Rehabilitation Ecosystem - M.Des Capstone (Accessibility): Designed a low-resource, AR-enabled, gamified home-therapy app with a companion physical toolkit for dysarthria patients; field research and clinician interviews shaped intuitive, accessible flows while preserving the clinician-patient-caregiver loop.

SumGeeks - Quantitative Trading Dashboard (Live Web App): Designed a high-density, accessible trading interface with AI-driven signals; validated with real traders and shipped production-ready UI specifications adopted for release.

EDUCATION & CERTIFICATIONS

Master of Design, Human-Centered Design - Srishti Manipal Institute of Art, Design and Technology

2024 - 2026

Bachelor of Fine Arts - Indira Kala Sangeet Vishwavidyalaya

2019 - 2023

ServeDes 2025, IIT Hyderabad - Poster Presentation
